

OXYGEN THERAPY

IV THERAPY

Try the latest well-being craze and feel rejuvenated while sustaining long-term health. Besides making you feel more energized and look fresher, these treatments can be done over a lunch break or post-work. All you have to do is choose the infusion and flavour best suited to your needs.

OLIGOSCAN TEST 650

WITH DOCTOR'S CONSULTATION

A heavy metal test determines the heavy metals that may be hindering your health. The length and type of treatment will vary depending on the specific metals and concentration levels involved.
